PRIYADARSHNI ACADEMY STRONGLY SUPPORTS THE ANTI-CORRUPTION MOVEMENT LAUNCHED BY SHRI ANNA HAZARE.

CHAIRMAN'S MESSAGE

Warren Buffet has come and gone and Bill Gates has come for the umpteenth time to India. Mr. Buffet deciding to invest in the Indian market and both urging Indian corporate leaders

to donate for social causes is good for India. Their American-style presentation for the latter objective drew criticism from Indian philanthropists and other commentators, but they have left Indian leaders some good food for thought. Indians have been philanthropists traditionally. While some have come out recently with large donations for good causes, the philanthropic thinking is yet to catch on in a big way in modern India.

NGOs usually raise money for their own activities. Priyadarshni Academy has always been a giving entity in terms of student scholarships, promoting the arts and other activities among the youth, and recognizing national and global achievers. The Academy went one step further preceding the Buffet visit and donated a sizeable 25 lakhs to develop a library and a chemistry laboratory to benefit children of the 2007-established Sadhu Vaswani International School. Not only that, it will associate itself closely with the development of the library in the years to come by way of suggesting books for its collections and ideas to use the library as a multi-purpose knowledge centre.

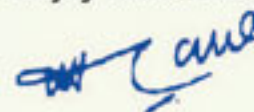

The Academy also donated for an eye camp and assured help to 30 financially needy patients to get their eyes operated to regain better sight.

The Academy is proud to be able to help in so many different ways as what it has done is only an extension of what it has done through all its 27 years.

The Academy had a rousing Literary Awards and Scholarships program during the quarter and also essayed into a new style of program under its dance project. It collaborated with Bharatiya Vidya Bhavan in Australia to present a Bharata Natyam performance to an Indian-Australian audience. While doing so, it stepped out of the national integration rubric and entered into an international integration arena. While the Rain Gods intervened resulting in a cancellation of the second performance, the first went well. There will be two more similar events in Australia later in the year.

This issue covers details and pictures of the events outlined here.

Enjoy the issue.

Sincerely,

Corruption is Cancer. Let us fight It together !!!

INAUGURATION OF PRIYADARSHNI ACADEMY'S LIBRARY AND CHEMISTRY LABORATORY AT SADHU VASWANI INTERNATIONAL SCHOOL

Chief Guest and Navi Mumbai Police Commissioner Ahmad Javed inaugurated Priyadarshni Academy's Library at the Sadhu Vaswani International School in Sanpada, Navi Mumbai, at a function held on March 25, 2011. Guest of Honor and Mumbai Sheriff Dr. Indu Shahani inaugurated the Priyadarshni Academy Chemistry Laboratory the same day. Prior to these openings, the Honourable Guests inaugurated the auditorium where the children of the school organized and presented a special entertainment program. Both the guests spoke about the importance of the growing young population of India in the nation's development and encouraged the children present to do their very best to take the country forward. Mr. Javed also urged the children to respect traffic rules and invited them to his office whenever they faced difficulties which came under his purview. Chairman Rupani of the Academy spoke in the same vein and handed over a cheque for Rs.25 lakhs to Mr. Ram Mirchandani, Trustee & Member of the Managing Committee, SVM, Mumbai, who presented souvenirs to Mr. Javed, Dr. Nichani, Mr. Rupani and Mr. Vishwanathan, Academy's Advisor. Ms. Manju Nichani, Secretary of Sadhu Vaswani Mission (SVM), Mumbai, welcomed the guests and thanked Mr. Rupani for the Academy's kind gesture and largesse.

Priyadarshni Academy had decided to help the School establish a modern well-stocked library and a Chemistry Laboratory. The School has a library currently, but plans to build a new one which should be

ready with modern facilities, a large collection, computerized inventories and book bank, etc., by late next year. The School providing quality education with world-class infrastructure and facilities, was completed in 2006 and formally inaugurated on January 7, 2007.

Several members of SVM and the School and officials of Priyadarshni Academy graced the event.

Skies Play Holi at the Bharatiya Vidya Bhavan-Priyadarshni Academy Celebrations in Darling Harbour

Classical Dancer Ms. Nandini Krishna performing at the Holi Mohotsav organised by Bhartiya Vidhya Bhavan and Priyadarshni Academy at Darling Harbour, Australia.

Talented Bharata Natyam danseuse Nandini Krishna presented a well-received performance at the Bharatiya Vidya Bhavan-Priyadarshni Academy Holi Festival in Darling Harbour, Australia, on March 19. The festival, to be continued on the 20th had to be cancelled as the rain Gods intervened. In her 19th program, Nandini commenced proceedings with an item in praise of Lord Ganesha and followed it up with a piece in praise of Parvati, and a Meera Bhajan to commemorate the festival of Holi with Lord Krishna, which the song describes. The Rath Yatra of Iskcon, also part of the Mahotsav, passed in procession during the Meera Bhajan number, in happy coincidence. The Bhajan was specially composed for the event by well known musician-composer-singer, Shri P. S. Krishnamurthy.

Rains affected attendance quite a bit, but there were still over 300 who witnessed and appreciated the dance event. The crowds, which had started to increase, were dispersed due to the downpour. The rains, however, offered a respite at the time of 'Havan' by Iskcon devotees on the open stage to symbolize the fire ceremony of Holi. It rained through the night of the 19th, and the open air venue was slushy leading to the cancellation of the celebrations on the 20th, particularly as it was too risky to use the sound equipment outdoors.

Priyadarshni Academy is thankful to Mr. Gambir Watts, President, Bharatiya Vidya Bhavan, Australia, and his

team for collaborating with Priyadarshni Academy on the first such event. More are in store. Priyadarshni Academy is set to pursue two more events this year and will always be scouting to do similar events the world over that will enhance understanding of Indian culture to audiences abroad, both Indian and foreign.
